

## Google AdSense Account Setup

**Step 1 - Click the link to begin:**

<https://www.google.com/adsense>

If you do not have a Google AdSense account then please sign up by clicking on “**Sign up now**” blue button. If you already have an AdSense account then please login.

A screenshot of a web browser displaying the Google AdSense login page. The browser's address bar shows the URL "https://www.google.com/adsense/login/en\_US/". The page content includes the Google AdSense logo, a language dropdown menu set to "English (US)", and the heading "Maximize revenue from your online content". Below this, there is a section titled "Place ads on:" with four icons representing different ad placements: Content, Mobile, Search, and Feeds. The "AdSense for feeds" section is highlighted, describing how to earn revenue by displaying targeted text and image ads in feed content. A prominent blue "Sign up now" button is visible. To the right of the button, there is a yellow box with the text "Already signed in? Take me to my account. (What's this?)". Below this, there are fields for "Email:" and "Password:" with a "Sign in" button. At the bottom of the page, there is a footer with copyright information and links to "Publisher Solutions", "Success Stories", "Help", "Blog", "Forum", "Terms", and "Program Policies". The browser's taskbar at the bottom shows a single window titled "Welcome to AdSense.html" and a "Show all downloads..." button.

## Step 2 - Create an AdSense Account

The Google AdSense signup process is easy.

Website URL:                      Your Website/Blog or famtripper.com

Website language:                English

Account type:                      Individual

After you create your Google AdSense account you'll receive a confirmation email to activate your account. This may take up to several days. Upon acceptance relevant, contextual ads, will appear within all of your content each time you post a review to famtripper. You'll get paid directly by Google.

### Copy the ad code

The next page shows the code for the ad unit you've designed.

To copy your code, click anywhere in the "Your AdSense code" box to select its contents. You'll know the code has been selected when the entire box is highlighted in blue.

AdSense unit: [View details](#) [Change](#) [Refresh](#)

Your AdSense unit has been saved. Changes may not appear for up to 10 minutes.

You may paste this code into [any web page or website](#) that complies with our [page policies](#). For more help with implementing the AdSense code, please see our [Code Implementation Guide](#).

Tip: Did you know that you can make changes to your ads without replacing the ad code on your site? Try [Manage Ads](#).

```
your AdSense unit code:
<script async src="//pagead2.googlesyndication.com/pagead/js/adsbygoogle.js"></script>
<script>
  (function() {
    var js, fjs = document.getElementsByTagName("script")[0];
    js = <script src="//pagead2.googlesyndication.com/pagead/js/adsbygoogle.js"></script>
    fjs.parentNode.insertBefore(js, fjs);
  })();
</script>
<script>
  (function() {
    var pagead2 = {
      account_id: "1234567890",
      publisher_id: "1234567890",
      ad_client_id: "ca-pub-1234567890",
      enable_page_level_ads: true
    };
    window.pagead2 = pagead2;
  })();
</script>
<script>
  (function() {
    var pagead2 = {
      account_id: "1234567890",
      publisher_id: "1234567890",
      ad_client_id: "ca-pub-1234567890",
      enable_page_level_ads: true
    };
    window.pagead2 = pagead2;
  })();
</script>
<script>
  (function() {
    var pagead2 = {
      account_id: "1234567890",
      publisher_id: "1234567890",
      ad_client_id: "ca-pub-1234567890",
      enable_page_level_ads: true
    };
    window.pagead2 = pagead2;
  })();
</script>
</script>
</script>
```

Then, from your browser's Edit menu, choose Copy in order to copy the highlighted area.

### Paste the ad code

The next step is to paste the code into your website's HTML source code. To paste the code and show ads, you'll need to be able to edit the HTML source code of your pages. If you don't have access to edit the source, please contact your webmaster or hosting company.

If you're not familiar with HTML, please see the detailed instructions in our [Code Implementation Guide](#).

If you're familiar with HTML, please insert AdSense code **between the opening <BODY> tag and closing </BODY> tag**.

Make sure to save the changes on your website.
